

## Hardwicks Way

**Value:**

£16,000,000

**Client:**

Persimmon Homes

**Location:**

London/South East

**Description:**

Construction on Persimmon's Hardwicks Way forms part of the regeneration of Wandsworth town centre, which is undergoing a major facelift.

Hardwicks Way is being transformed from an old industrial estate into three linked but distinct blocks containing restaurants, offices and housing which will greatly enhance the outlook of a public square just off Wandsworth High Street.

Assael Architecture obtained planning consent on behalf of Persimmon Homes.

RLF are regularly appointed by Persimmon for various new build and refurbishment schemes.

**RLF Role:**

Quantity Surveyor

Employer's Agent

Planning Supervisor

**Other Project Consultants:**

Architect (planning): Assael

Architect (design): arc7

Services Engineer: Meica

Structural Engineer: URS Corporation

**Contractor:**

AWG Construction Services Ltd
