

sportscotland National Centre Inverclyde

Value:
£360,000

Client:
sportscotland

Location:
Scotland

Description:

Sportscotland's National Sport Training Centre at Inverclyde, Largs underwent major extensions and alterations in time for completion prior to the Commonwealth Games in Manchester, July 2002.

The centre was relied upon for the preparations of the Scottish athletics squad for the Games and is also used extensively by the Scottish Football, Table Tennis, Gymnastics, Fencing and Hockey Associations for their training and work in developing young talent.

It is the second project in recent years RLF has been involved with at the venue.

RLF Role:
Quantity Surveyor

Other Project Consultants:

Architect: The Miller Partnership

Services Engineer: Cundall Johnston & Partners

Structural Engineer: McLay Collier & Partners

Contractor:
Clark Contracts Ltd
