

# University Hospital Birmingham NHS Trust

**Value:**

The combined value is in excess of £4,000,000.

**Client:**

University Hospital Birmingham NHS Trust

**Location:**

Midlands/Wales

**Description:**

RLF are retained cost advisers for the University Hospital Birmingham NHS Trust.

During the last two years RLF have been responsible for the delivery of numerous schemes for the Hospital Trust including:

- Relocation of Renal Services
- MRI Scanner at Queen Elizabeth Hospital
- Intensive Therapy Unit, Selly Oak Hospital
- Refurbishment of X-ray Unit
- Refurbishment of Mortuary
- Post-Graduate Medical Centre
- Liver ITU/GTU
- Medical Reconfiguration.

RLF have a good working relationship with the Trust who have in-house Project Managers to monitor the individual commissions. Design teams tend to be appointed on a project by project basis although the number of Consultants involved is limited. Due to the nature of the works the majority of the projects are very fast track in nature from initial inception/feasibility through to completion.

**RLF Role:**

Quantity Surveyor

Queen Elizabeth Hospital
